

**BAMBOO HUES™**

**Physical Properties**

Description Construction Species:	Moso6™ Strand Woven Bamboo Planks All bamboo engineered strand woven bamboo Moso6™ Premium 6-Year Mature Moso “giant” Bamboo
Description Construction Species:	Corboo™ Horizontal Spice All bamboo engineered strand woven bamboo infused with recycled cork Moso6™ Premium 6-Year Mature Moso “giant” Bamboo Cork - Quercus Suber
Sizes Process Profile Edge Colors Finish	143x129x14mm 72x5 5/8x9/16” Cold Pressed bamboo strands at 2000 US tons cut to planks Tongue and Groove Micro-beveled edge - slight .2mm eased edge USFC referenced colors and custom Endura AR+ commercial wear layer Sealed and cured back side of plank
Installation Packaging Country of Origin	Glue, Nail, or Float (using PVAC wood glue) 27.97 sq. ft. /carton, 54 lbs. Manufactured in China

**Health and Safety**

Flammability:	Class 1 Passes “life Safety Codes” ASTM E 648 0.49W/cm2 NFPA 101 Classification type 1
Smoke Density	Flaming 342 - Non-flaming 357 ASTM E662
Slip Resistance:	Static 0.6 Dynamic 0.5 ASTM D 2394
IAQ	GREENGUARD GOLD Certification CARB2012 CA-CHPS

**Performance**

Abrasion Resistance:	≥ 1500 revolutions
Moisture Content:	ASTM D 4442 >6 to <9%
Dimensional Tolerance:	.0075% I N/A w
Density Impact:	ASTM 1037 Janka test data +2700
Compression Strength:	ASTM 3501-86A 5,000-psi avg.
Warranty	15-year commercial - Lifetime structural

**Sustainable attributes:**

- Rapidly Renewable Resource
- Low-Emitting Materials
