This commercial wear warranty is subject to the following conditions:

- Installation of the flooring properly installed according to USF Contract™' installation instructions. Proper installation includes, but is not limited to the following:
 - Moisture test to determine and if excessive moisture exists in the subfloor performed and meets manufacturers written instructions.
 - The flooring installed only indoors in a dry, climate-controlled area.
 - The flooring maintained in accordance with USF Contract™ maintenance instructions.
 - This warranty does not apply to water damage of any kind.
 - This warranty does not apply to damage caused by water or moisture in the subfloor or underneath the flooring, including but not limited to damage from subfloor hydrostatic pressure (water or moisture under the floor that is transmitted to the surface through exerted pressure) or other conditions that result in water or moisture being under the floor.
- This warranty does not apply to moldings and trims.

Warranty Coverage:

- Upon determination of a valid manufacturing defect, USF Contract™ will arrange a refund based on the original purchase of the product good toward the purchase of a replacement. When a noticeable defect installs credit applies to material only and does not include labor since it is the responsibility of the installer to determine suitability of material prior to installation.
- Should a problem attributable as a manufacturing defect develops after installation, USF Contract™ will refund the reasonable cost of labor for repair.

Limited Commercial Warranty does not cover:

- Installation of flooring that contains any manufactured visible defect.
- Problems due to moisture, mildew, alkaline substances, hydrostatic pressure, expansion and contraction between planks, or humidity levels above or below those recommended.
- This warranty does not cover damage caused by neglect, abnormal use or misuse, application of solvents, corrosives or other chemicals to the flooring, color change, excessive pivot and point-loads, stiletto shoes, heavy furniture or equipment, unpadding furniture feet, water, pet claws, pet urine, damage from sand, pebbles or other abrasives, damage due to adhesives or tape or other unintended uses. Loss of finish gloss over time is consistent with normal wear & tear and is not a product flaw.
- It is normal and expected for there to be color variations due to use of natural components, exposure to UV light and/or sunlight, and age of material. Therefore, color inconsistency between samples, replacement product or illustrations and actual product is not a manufacturing flaw. Area rugs and large furniture will block light exposure and cause uneven coloration. To minimize this, move furnishings and floor coverings periodically.
- USF Contract™ makes no guarantee that the material purchased will match or coordinate with customer furnishings, trim, cabinetry, railings, etc.
- Inherent variations that are consistent with those of a natural bamboo product to include pattern, color, and grain do not indicate defective material.
- Noncompliance with installation instructions and maintenance instructions as recommended by USF Contract™
- USF Contract™ cannot assume responsibility for the suitability of flooring material and accompanying products for each individual installation as USF Contract™ has no control over the installer's proper application.
- Floor covering installed in inappropriate locations
- Water damages due to flooding, broken pipes, wet mopping and spillages
